## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: With regard to claims 1-8, 16 and 17 the prior art of record does not disclose or fairly teach a low pass filter for compensating wire bond inductance. With regard to claims 9-12, 20, 21 and 22, the prior art of record does not disclose or fairly teach a transmission path including on the upper surface of the substrate, a bonding pad connected to a first transmission line itself connected to a transition pad and, on the lower surface of the substrate, a second transmission line connected to the transition pad by a via through the substrate; a wire bond extending from the bonding pad to the die pad; and a portion of the upper surface ground plane and the lower surface ground plane connected by vias defining opposing walls on either side of the transmission path for signal isolation.

With regards to claim 13, the prior art of record does not disclose or fairly teach the lower surface ground plane and the second transmission line terminate proximate an edge of the substrate to facilitate probing. With regard to claims 14 and 15, the prior art of record does not disclose or fairly teach a transmission path including on the upper surface of the substrate, a bonding pad connected to a first transmission line and, on the lower surface of the substrate, a second transmission line electrically connected to the first transmission line; a portion of the upper surface ground plane and the lower surface ground plane defining structure on either side of the transmission path for signal isolation; and the upper surface ground plane surrounding the bonding pad and the first transmission line. With regard to claim 19, the prior art of record does not disclose or fairly teach a die located on a ground structure, the ground structure including opposing

member on either side of the transmission path for signal isolation and transmission line connected to a transition pad coplanar.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
